

Pavaso's RON

technology empowers you to complete the **ENTIRE** closing digitally and remotely, **TODAY!**

Our remote online notarization solution

provides the ultimate convenience by allowing signers to be virtually anywhere in the world to eSign closing documents, where they appear before the remote online notary to remote online notarize*, using two-way audio-video technology.

Benefits:

- Provides an enhanced experience for individual(s) who are not able to attend in person
- Equip your state-commissioned remote online notaries to remote online notarize on Pavaso
- Settlement agents maintain control of the transaction by conducting the signing, or when a signing agency is used, the settlement agent can join as an observer
- Gives all permissible parties in the transaction online access to a video recording of the complete closing session or the eSigning and remote online notarization, in accordance with state law*

Signer identification verification safeguards include:

- Security measures incorporating industry best practices, including multifactor authentication and stringent-yet-simple user procedures
- Knowledge-based identification questions specific to signer's personal history, maintaining individual integrity for similarly named signers
- Secure ID validation using image capture with automated authentication of government-issued photo ID
- Complies with evolving individual state statutory law requirements
